

# TURNKEY LIGHTING SERVICES

## BE BRILLIANT WITH LED LIGHTING

We help our clients save money on their energy bills by targeting a savings of 50-75% on lighting and maintenance while improving your overall lighting environment.

Whether your space is old or new, large or small, a lighting upgrade can provide the most cost-effective solution to high energy bills and low visibility. Super-efficient LEDs improve safety and can last 50,000 hours or more—a marked upgrade from outdated fluorescent or incandescent bulbs.

Energy expenses are among a organization's largest controllable costs. With efficient LED lighting you have the opportunity to rededicate resources back to your business.

With turnkey installation, we take on all logistical and operational elements of a project, freeing you to tackle the next highest priority on your list.

Our solutions are scalable and technicians are adaptable—servicing cozy multi-family living spaces and acre-large warehouses.

### Product Highlights

- As much as 75% reduced lighting costs
- Key rebate funding
- Improved visual environment
- Reduced maintenance
- Turnkey installation

#### Super Efficient

LEDs use less energy, require less maintenance, and last longer than fluorescent lamps—and lower wattage is just the beginning.

#### Visibly Different

It takes just one move to visibly transform your space from yellow to white. Research has demonstrated this leads to increased productivity and increased visual comfort.

#### Earth Conscious

LEDs emit less CO<sub>2</sub> and are mercury-free. By lasting years longer than old fluorescent bulbs, your maintenance costs and carbon footprint are both getting smaller.
